

4 > RECREATIONAL PROVIDERS: OVERVIEW OF RESOURCES AND SUPPLY

Lands managed or available for recreation comprise nearly 80% of Clatsop County's total land base, representing a broad spectrum of recreational providers and wide range of uses.

> Diverse Recreational Lands

The ownership and management of recreational resources in Clatsop County involve a large number of public and private parties, including governmental agencies, businesses, non-profit groups and individuals. The range of providers of land managed for recreation in Clatsop County is shown in Table 6. Examples demonstrate the diversity of recreational facilities, such as picnic areas, trails, campgrounds, boat ramps and fishing sites, golf courses and natural areas.

This is, however, only part of the recreational picture in the county. In addition, there are hundreds of thousands of additional acres open to the public for recreation as shown in Table 7. These include wildlife refuges, county sites not officially recognized as parks, multi-resource state timberland and privately owned commercial timberland. In total, other land open to the public for recreation constitutes 421,672 acres of the total 539,520 within the county, which represents nearly 80% of the county's land base.

Data extracted from SCORP Table G.1

Providers other than the county are described briefly below and specific inventory information is presented in a series of tables on pages 45-51. County parks and recreational lands are discussed in Chapter 7.

> Public Lands

Certain properties or resources are considered to be owned by “the public.” Examples are the waters of the Columbia River and the Pacific Ocean or a dedicated public park area within a residential area. The public is deemed to have the right to freely access such properties.

> Federal Lands

Unlike the state as a whole, there is virtually no federal timberland in Clatsop County. Federal holdings include the following national park and wildlife refuge lands:

- **The National Park Service** operates Lewis & Clark National Historical Park. This is America’s newest national park (as of 2005) and incorporates units in both Oregon and Washington including Fort Clatsop, the Corps of Discovery’s winter quarters in 1805-06.
- **The U.S. Department of Fish and Wildlife** owns and manages the 38,000-acre Lewis & Clark National Wildlife Refuge and 6,873 acres of Julia Butler Hansen National Wildlife Refuge established for the conservation of the Columbian white-tailed deer.

> State of Oregon

State land offers an assortment of recreational opportunities throughout Clatsop County:

The Fort-to-Sea Trail

A 50-year vision becomes a reality

Dedicated on Nov. 14, 2005, the Fort-to-Sea Trail was the dream of the same group of dedicated community volunteers who constructed the replica of Fort Clatsop in 1954 and 1955. They had yet another idea: to build a trail connecting the fort to the sea. The concept would be to recreate the experience that Lewis & Clark encountered as they traveled between the temporary fort and the Pacific Ocean (Appendix H – Map).

The challenges were daunting given the terrain and cost. The actual building of the trail did not start until 2004, when an extraordinary alliance of generous Oregon companies – along with federal, state and local agencies – was able to make the project happen.

The \$10 million needed to build the trail included \$5 million for acquiring a 920-acre addition to Fort Clatsop and a 249-acre state park. Monies included federal and state grants, private donations and donations in-kind from citizens, groups and agencies offering labor, materials and engineering expertise.

Scott Stonum, the chief of resource management at Lewis & Clark National Historical Park and member of the Recreational Lands Master Plan Task Force, commented on the completion of the project:

“I was anticipating more of a struggle getting it done,” he said. “We had an unfunded project that was pretty monumental. But the community involvement and community spirit has been an incredible, wonderful surprise.”

- **The Oregon Parks and Recreation Department** operates sites managed specifically for recreational purposes, including campsites, day use areas, beach access, waysides and forest preserves (Table 9).
- **The Oregon Department of Forestry** owns and manages a diverse group of recreation facilities in the Astoria District of Clatsop State Forest (Table 10).

ODF has designated recreational activity zones across the Clatsop State Forest as shown in Appendix I.

- **The Oregon Department of Fish and Wildlife** manages over 1,000 acres of wildlife habitat in Clatsop County, including the 962-acre Jewell Meadows Wildlife Area.

> Cities

The incorporated municipalities in Clatsop County provide recreational sites and activity programs. The city of Astoria through its parks and recreation department has an extensive inventory of park sites and offers a wide range of recreational programs. Although other municipalities do not have sole-purpose parks and recreation departments, all own public park properties and provide recreational opportunities to their residents, people living in adjoining unincorporated areas and visitors to Clatsop County.

> Clatsop County

Clatsop County's parks system consists of 13 parks totaling 574 acres of land and six recreation sites totaling 443 acres of land. Six of the parks and recreation land sites include public boat ramps. County park properties offer active recreational opportunities including camping, day use and passive natural sites. See Chapter 7 for specific details.

> Public School Districts

The local school districts in Clatsop County provide certain recreational facilities to the public. School facilities such as gymnasiums and ball fields are often made available for general public use during after-school hours and the summer months (Table 15, page 50).

> Park and Recreation District

The Sunset Empire Park and Recreation District with facilities located in Seaside includes all properties within Seaside School District #10 except the incorporated cities of Gearhart and Cannon Beach. It is a tax-levying recreation district serving an area roughly between Cullaby Lake on the north, Tolovana Park on the south, and Hamlet on the east. It has an annual operating budget of approximately \$2 million, with roughly half of this amount coming from its tax base.

The district's indoor pool and therapy pool are open to the public on a year-round basis. Aquatic offerings include instruction, fitness, recreation, competition and special event programs. A variety of non-aquatic recreation and leisure-time activity programs include competitive team sport leagues, children's and teen activities, arts and crafts and performing arts. The district's varied recreational offerings are enjoyed by a large number of county residents; estimated participant uses are about 100,000 per year.

> Private Providers

Private sector recreational providers include:

- Non-profit organizations such as youth soccer and baseball groups.
- Private commercial operators, such as golf courses, RV parks and campgrounds.

> Industrial Forest Lands

By total acres, private industrial forest lands provide the largest land base for recreation in Clatsop County. Private resource land managers allow limited public recreational access to their lands for activities such as hunting, hiking, fishing, biking and horseback riding. (See Appendix J for Weyerhaeuser Company recreational map and rules.)

> Recreation Inventories

During the master plan update, the recreational inventories for various facilities and recreational providers in Clatsop County were generated. Tables for the following are given on pages 45 through 51:

- Oregon Parks and Recreation Department
- Clatsop State Forest Recreation Facilities
- Public Water Access: Rivers and Streams
- Public Water Access: Boat Ramps
- Designated Area Trails
- Golf Courses
- School District Facilities
- Other Tennis Courts
- RV and Camping Facilities
