Travel Oregon
Capacity Grant Evaluation Committee

To Whom It May Concern:

The Clatsop County Board of Commissioners supports the Lower Columbia Tourism Committees (LCTC) application for a 2022 Travel Oregon capacity grant. The purpose of the grant request is to enhance the capacity to serve visitors with disabilities and to provide clear and accurate accessibility information to those considering visiting. This matches our community's overall commitment to diversity, equity and inclusion in all areas of life.

We particularly support this effort by LCTC because by addressing visitors with disabilities we also increase our knowledge of and ability to serve local residents facing similar challenges.

We know that LCTC is committing funds and time to the effort as well, reinforcing their commitment to the work of creating equitable access and opportunities for all.

Sincerely,
