

NW Coast Trail Map & Guide

The NW Coast Trail Map & Guide is a comprehensive guide to outdoor activity in the Lower Columbia River region.

Sponsored by Clatsop County Public Health and numerous partners and produced by Adventure Maps of Salem, Oregon, this new map illustrates walking, hiking, cycling and equestrian routes and trails, as well as paddling and wildlife-viewing destinations, with the goal of promoting healthy, outdoor activities for residents and visitors and highlighting our region's natural assets.

The waterproof and tear-resistant map includes basic information on recreational opportunities and data on the regional climate. And in addition to the region-wide map, there are detailed inset maps of particular areas. These smaller maps are available for free download as pdf files.

The NW Coast Trail Map & Guide is available for purchase for \$11.99 at the Lewis and Clark National Historical Park visitor center and other local outlets. Or to order a map call (503) 861-4452, go to www.fortclatsopbookstore.com or email sales [at] adventuremaps.net. Proceeds from map sales go to trail education and maintenance and supporting future iterations of the map.

Map sponsors: Astoria & Warrenton Area Chamber of Commerce, City of Astoria, City of Seaside Visitors Bureau, City of Long Beach Visitors Bureau, Clatsop County, Escape Lodging, Lewis and Clark National Historical Park, Lewis and Clark National Park Association, Providence Seaside Hospital, Seaside Chamber of Commerce, Warrenton Trails Association.
