There are four ways to pay your property taxes:

1. By Mail: The U.S. Postal Service postmark is the date the payment will be considered received, as mandated by state statute. Some postal facilities forward their mail to a larger Postal Center for postmarking. This may delay the actual date your payment is postmarked and jeopardize eligibility to a significant discount on your taxes. Please take appropriate steps to ensure your payment is postmarked on or before Nov. 15.
